Arif Faizan

Assalamu Alaikum

My name is Arif Faizan. Alhamdulillah, I have been devotedly serving the Dallas Muslim community since 2009. Alongside this I have worked as an analyst for leading healthcare solutions companies for the last 20 years. I live in Frisco with my wife Sadia and two children. My willingness to help and dedication to make the masjid as operationally sound as possible drive me to volunteer. I have been part of the current shura since January, 2020 as a General Secretary.

My short-term vision for ICF is to ensure that our masjid is equipped with the right resources to allow our expanding community to worship in a harmonious environment and improve spiritual knowledge. Currently ICF construction is on hold and my goal is to raise enough funds in the December fundraiser and start the expansion project. My long term vision is to improve the organizational excellence by developing a facility that is self-sufficient and generate enough income to counterbalance expenses. Managing Sunday school finances helped me gain insight into improving efficiency and empowering the community through education. I have also facilitated the growth of the masjid by participating in fundraising events. Currently I am serving in the finance and cap committees. I look forward to moving the organization forward with the expansion project and a successful fundraiser.

Jazakallah Khair

Mohammed Sadiq Mohiuddin (Fahad)

As Salamu Alaikum,

Alhamdulillah I have had the privilege of being an integral part of the Frisco Masjid Community as a Volunteer and a musalli since 2009. A lot of the brothers and sisters know me by name and some may have just seen me in and around the Masjid and its grounds.

I, Fahad M. Sadiq Mohiuddin, have strived to be close to the Masjid for the most part of my life which Alhamdulillah led to my interest in volunteering at the Masjid and I pray to Allah (SWT) that it remains that way In"Sha-Allah.

My strengths are my commitment to serve the Frisco community, my passion to help grow the youth programs and my desire to give back to the community that has given me and my family so much. Having been a part of the Frisco Masjid Community for more than a decade, it has been a great learning experience through its journey from a one room Musalla to a magnificent Masjid it is today Alhamdulillah.

I can say with confidence that our community center and Masjid is truly a unique place, in particular its diversity and the exceptional services and programs it provides to the community. I am grateful to the previous and current board members and all the volunteers in making it possible. I will do my best to give back to the community that has given me and my family so much and to please Allah (SWT) In"Sha-Allah.

As a parent, a volunteer and an entrepreneur, my personal interests are in continuing to ensure youth engagement and participation grows and matures to meet the changing needs of our youth. I am also aware that all aspects of our community need attention and I am committed to address them accordingly. By the grace of Almighty Allah (SWT) and your support, I will be humbled if given the opportunity and it will be an honor to serve the community as a shura member. I shall do my best to serve our Masjid and help the community grow at large In"Sha-Allah. I humbly request your participation in the election process as well.

Saad Siddiqi

My name is Saad Siddiqi, and I am humbled to announce my candidacy for the ICF board of directors (Shura). I have been a resident of the city of Frisco since 2013 and an active volunteer for ICF, for the entirety of my 8 years here.

I have a Master's in Electrical Engineering coupled with 24+ years of experience in the corporate sector. Majority of my career, I've held many leadership positions. I possess strong managerial & leadership traits, with an aptitude in problem solving, project management and leading cross organizational teams to achieve results.

It is my belief that community service is a responsibility that we all share, and we should all be willing to contribute our time and best effort toward the well-being of the community in which we live, worship, and have ties.

I was fortunate to have also served as an ICF board member (shura member) in the years 2018-19. During this tenure, I held the position of treasurer as well as being the Lead for IT support and multiple tasks in different committees. During my tenure as a treasurer, major accomplishments was implementation of forecast and budget tracking for each program/committee plus streamlining cost and expense tracker which was maintained and reported monthly. I also ensured that the Operations account had reserves that could support the masjid operational commitments for at least a year if there were unfavorable circumstances. The additional reserve/buffer supported the ICF during tough COVID days when ICF had to suspend its operations and donation collections became a challenge.

During the last two years, I have been actively involved in masjid activities such as fundraising efforts, Sunday school administration volunteer (providing billing and administration support), Ramadan volunteer activities, Eid carnival, as well as providing support to the current treasurer on a need basis.

My vision for ICF is to enable active community involvement in the masjid by empowering committees to run their own streams. I also look forward to actively work towards completing the masjid expansion project & truly believe that by working together and inclusion we can achieve a vibrant masjid atmosphere and a future that our generations need. I pray that the help & guidance of Allah be with all of us, and I will be honored by your support in this cause.
